

# Your CDBC Appointment: Speech and Language

Intake

SLP  
Assessment

Family  
Conference

Next Steps

## Who should come to this appointment?

- Your child and caregiver(s) or parent(s). You may also bring a friend or relative as a support to you.

## What will the appointment involve?

- An evaluation of your child's communication, listening, and talking.
- Activities include: following instructions, looking at pictures, and playing games.
- Parent/caregiver questionnaires are used to gain further insight into your child's language and social skills.

## How long will the assessment take?

- Typical assessment time for a child under age 6 is 2-3 hours and over age 6 is 3-6 hours.
- There will be the option to take breaks as needed throughout the assessment.

## What should I bring to the assessment?

- Snacks or lunch, especially if your child has food allergies or intolerances.
- If your child typically takes medications, please take them as usual.

## What if I have questions before or after my assessment?

- Please contact 604-453-8313 and ask for your CDBC Case Manager who can put you in touch with the appropriate team member to address your questions.
