

# Parents & Therapists Needed!

## Development of a POWER Mobility Toolkit

The University of British Columbia is conducting an online survey for parents and therapists of children who use power mobility.

The study will involve:

- 4 *online* surveys over an 8-month period.
- Less than 1 hour/session.
- An honorarium will be provided for your time.

**Share your knowledge with researchers!**

Get involved and help us to:

- Identify important elements of *participation* in daily life for children who use power mobility.
- Identify tools to measure and evaluate their *participation*.
