Vancouver, BC V5Z 4H4
Phone: 604-875-3472
Fax: 604-875-3958

Adolescent Health Clinic Referral Form

Helpful information about the clinic: The team consist of a group of adolescent medicine pediatricians and a nurse. Patients **12-18 years** are seen for **non-urgent** services. The team can help provide consultation and recommendations using a **holistic, youth-centred** approach. This clinic does not have psychiatry, counselling, psychotherapy, social work, physiotherapy, or dietician services.

We only accept referrals from pediatricians, pediatric subspecialty NP's, and psychiatrists. If you are a primary care provider, please consider referring your patient to a general pediatrician first.

We do not accept referrals for isolated mental health or substance use without a chronic health condition (consider consulting with BC Children's Hospital Compass Team https://compassbc.ca), sexual health issues alone, primary eating disorders (please refer to regional secondary eating disorder services), or for emergency and/or crisis situations.

For more information, please see: http://www.bcchildrens.ca/our-services/clinics/adolescent-health
