

# Integrated Care and Research: The Mental Health Patient Registry

*Did you know?  
The Mental Health  
programs have created  
a system that allows  
you to complete forms  
online before coming in  
for appointments*

To learn more about the  
registry, contact  
Cara Mirabelli at  
[cara.mirabelli@cw.bc.ca](mailto:cara.mirabelli@cw.bc.ca).

## What Did We Achieve?

An easier way for patients and families to provide clinically useful information before the appointment

Clinicians have standardized information about patient history and symptoms at the point of care

Better access to data that can be used to improve quality of care and generate new knowledge

## **Benefits of the Registry:**

- ✓ A more convenient way to complete forms
- ✓ Allows you to participate in research more easily
- ✓ Gives your care provider a better understanding of your symptoms, treatment and outcomes
